

City of La Grange Recreation Department – Randolph Recreation Center

The City of La Grange Randolph Recreation Center is located at 653 East Pearl Street in La Grange, Texas. The gymnasium – home of the present Recreation Center – was built in 1948, and was a portion of the former black school prior to integration in the mid-sixties. The gym area was used sparingly by the La Grange School District until the City acquired the building and completed renovations in 2004. The City, along with partnerships, funding by various donors, volunteers, and Texas Parks and Wildlife grant funds returned a historically significant structure to the citizens of La Grange for future usage for all ages.

The City of La Grange Recreation Department offers the following programs and activities at the Recreation Center, and other facilities around the City.
